Dear Parents and Students,

It's hard to believe that we are already into the month of November! Despite a few hiccups with connectivity issues, both in person, hybrid and virtual learning has been largely successful as we have consistently had over 93% participation. As we move forward to Quarter 2, we cannot stress enough the importance of student engagement in both the in person and virtual environments. Course content is progressing and it is imperative for students to keep up with their school work. Parents, please be sure to check your child's progress on Seesaw, Class Dojo, Google Classroom or through eSchool.
